Community Practice Quick-Reference Toolkit

Practical Tools for Community Oncology Care

1 Testing Workflow Map

Biopsy-to-result pathway

Ensure that test results are available before first-line treatment decisions

2 Trial Referral Checklist

Patient eligibility criteria

- ✓ Trial Search
- ✓ Eligibility Criteria
- ✓ Trial Matching
- ✓ Referral Steps
- ✓ Clinical Benefit
- ✓ Trial Readiness

Identify appropriate trials, assess eligibility, and facilitate referral

3 Patient-Selection Decision Framework

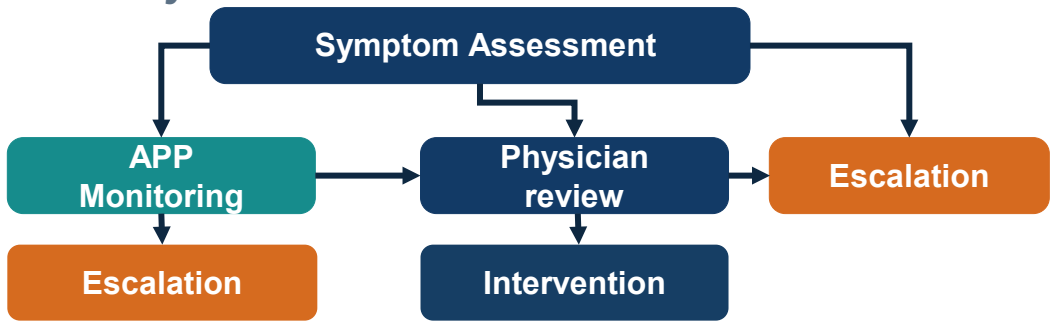

Key factors for treatment discussions

- ✓ Biomarker Status
- ✓ Comorbidities/PS
- ✓ Co-Mutations
- ✓ Prior Therapy

Integrate patient and clinical factors into treatment decisions

4 AE Monitoring Algorithm

Physician and APP roles

Define team roles for AE surveillance, escalation, and intervention
